INSTRUCTIONS FOR THE FOLLOWING SECTION: This section begins the mountain questions about respondents' perception of themselves. To explain these questions, please point and refer to the mountain diagram and explain the analogy as follows: Imagine a five step mountain where on the bottom stand the least respected or powerful people in a community, and on the top stand the most respected people in a community. Let the respondent define respect, power, and success in their own way.

IX. PERCEPTIONS OF SELF			
I1	Think about your home village. Imagine that the top of the mountain represents the most powerful and respected people in the community, and the bottom of the mountain represents the least powerful and respected people. Before you came to Addis, which step were you on relative to others in your village?	1 = First step 2 = Second step 3 = Third step 4 = Fourth step 5 = Fifth step 8 = Don't know 9 = Refused to answer	<input type="checkbox"/>
I2	If you went back to your home village today, which step would you be on? Again, the top of the mountain is the most respected, and the bottom of the mountain is the least respected.	1 = First step 2 = Second step 3 = Third step 4 = Fourth step 5 = Fifth step 8 = Don't know 9 = Refused to answer	<input type="checkbox"/>
I3	Think about your community and social circle here in Addis. Imagine that the top of this mountain represents the most successful people, and the bottom of the mountain represents the least successful people. Which step are you on relative to your friends, peers, and community in Addis?	1 = First step 2 = Second step 3 = Third step 4 = Fourth step 5 = Fifth step 8 = Don't know 9 = Refused to answer	<input type="checkbox"/>
I4	Think about the city of Addis overall. Again, the top of the mountain is the most successful people in Addis and the bottom is the least successful. Which step are you on relative to others in Addis in general?	1 = First step 2 = Second step 3 = Third step 4 = Fourth step 5 = Fifth step 8 = Don't know 9 = Refused to answer	<input type="checkbox"/>
I5	Imagine that the top of the mountain represents the best possible life for you and the bottom of the mountain	1 = First step 2 = Second step 3 = Third step	<input type="checkbox"/>

	represents the worst possible life for you. Where were you on the mountain before you came to Addis?	4 = Fourth step 5 = Fifth step 8 = Don't know 9 = Refused to answer	
16	Again, this mountain is now your personal success journey, with the top representing the best possible life for you and the bottom representing the worst possible life for you. Where are you on this success mountain today?	1 = First step 2 = Second step 3 = Third step 4 = Fourth step 5 = Fifth step 8 = Don't know 9 = Refused to answer	<input type="checkbox"/>
17	Think about your plans for the future. If these plans are successful, where on the mountain would you be in one year? Remember, the top of the mountain is the best possible life for you, and the bottom of the mountain is the worst possible life for you.	1 = First step 2 = Second step 3 = Third step 4 = Fourth step 5 = Fifth step 8 = Don't know 9 = Refused to answer	<input type="checkbox"/>
18	If your plans are successful, where on the mountain would you be in five years? Again, the top of the mountain is the best possible life for you, and the bottom of the mountain is the worst possible life for you.	1 = First step 2 = Second step 3 = Third step 4 = Fourth step 5 = Fifth step 8 = Don't know 9 = Refused to answer	<input type="checkbox"/>

The interview is now finished. The enumerator should thank the respondent for participating and see if he/she has any follow up questions or comments.

The following should be completed by the enumerator after the survey is finished and the respondent has left.
